DRESS 36.0dt

4.5 Rating

DRESS YOU'LL REACH FOR AGAIN AND denying you know what you like: style that's a bit saucy, too. In this adidas dress, that will be on full display. With its stand-up Trefoil details, this dress puts a modern silhouette. Layer it over some leggings or with a pair of classic trainers for everyday

Détail du Produit

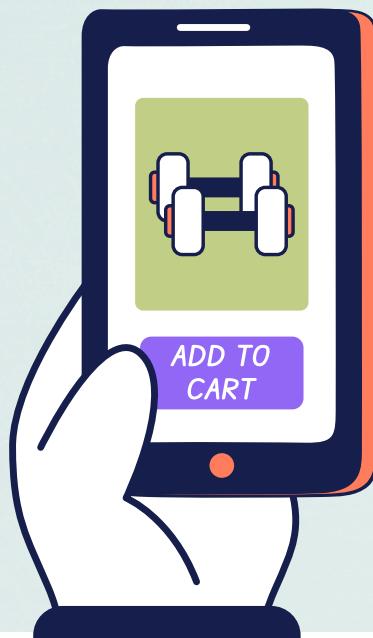

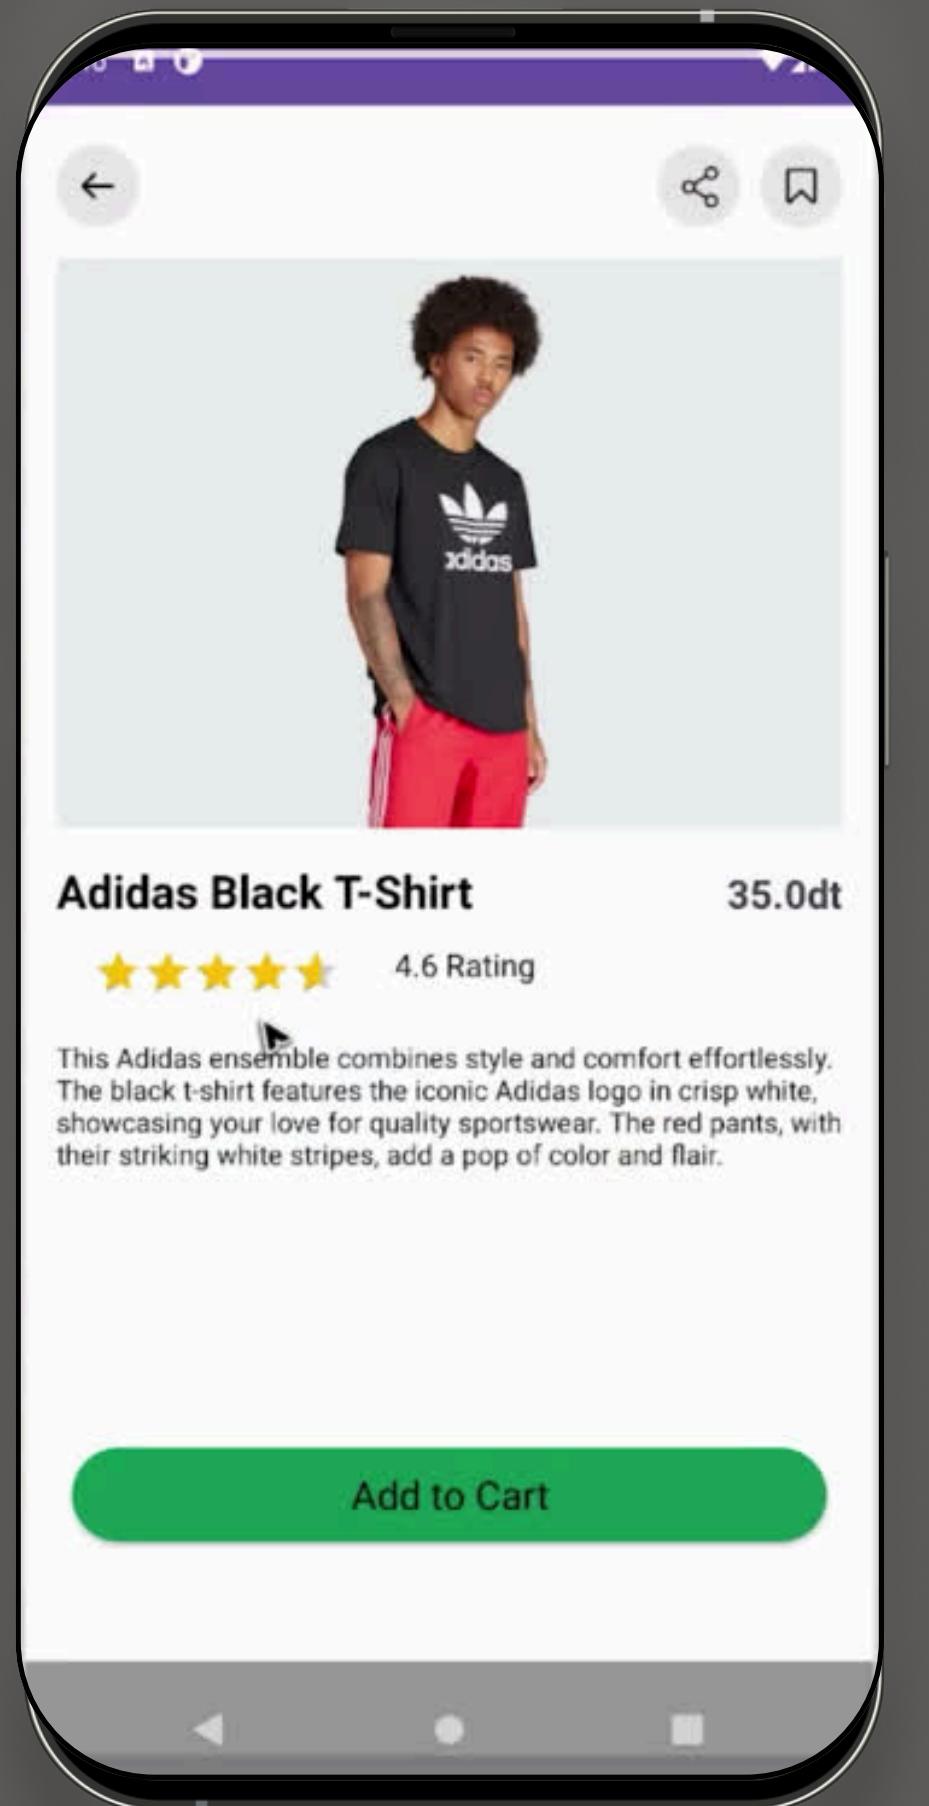

The image shows two smartphones side-by-side, each displaying a product detail page from a mobile application. The left phone displays an 'ORIGINALS DRESS' by Adidas, priced at 36.00. The right phone displays a 'Nike Sportswear Essential' t-shirt, priced at 18.00. Both screens include a large product image at the top, followed by the product name and price. Below the price is a rating section showing 4.5 stars. A detailed product description is provided for each item. At the bottom of each screen is a green 'Add to Cart' button.

Product 1: ORIGINALS DRESS
4.5 Rating
A CASUALLY COOL DRESS YOU'LL REACH FOR AGAIN AND AGAIN. There's no denying you know what you like: style that's confident and a little bit saucy, too. In this adidas dress, that bold sense of self will be on full display. With its stand-up collar and contrasting Trefoil details, this dress puts a modern twist on an archival silhouette. Layer it over some leggings or let it stand for itself with a pair of classic trainers for everyday appeal.

Product 2: Nike Sportswear Essential
4.5 Rating
Oversized and spacious, this soft tee is perfect for when you want to rock a comfy, baggy look. Heavyweight cotton fabric and varsity-inspired design details make it an easy-to-style layer.

The screenshot shows the Firebase Storage console interface. On the left, a sidebar includes links for Vue d'ensemble du projet, Raccourcis de projet (with Storage selected), Authentication, Realtime Database, and various creation and monitoring tools. The main area displays a list of files in a bucket named `gs://achechni.appspot.com`. A progress bar at the bottom indicates the upload of a file named `nike.png`, which is currently at 11.21 KB and was modified on April 29, 2024. The right side shows a detailed view of the `nike.png` file, including its name, size (11 478 octets), type (image/png), creation date (April 29, 2024, 14:55:12), last update date (April 29, 2024, 14:55:12), and other metadata fields like location and other properties.

android

Notre application est configurée en tant que projet
Android Studio.

Notre application se
compose de :

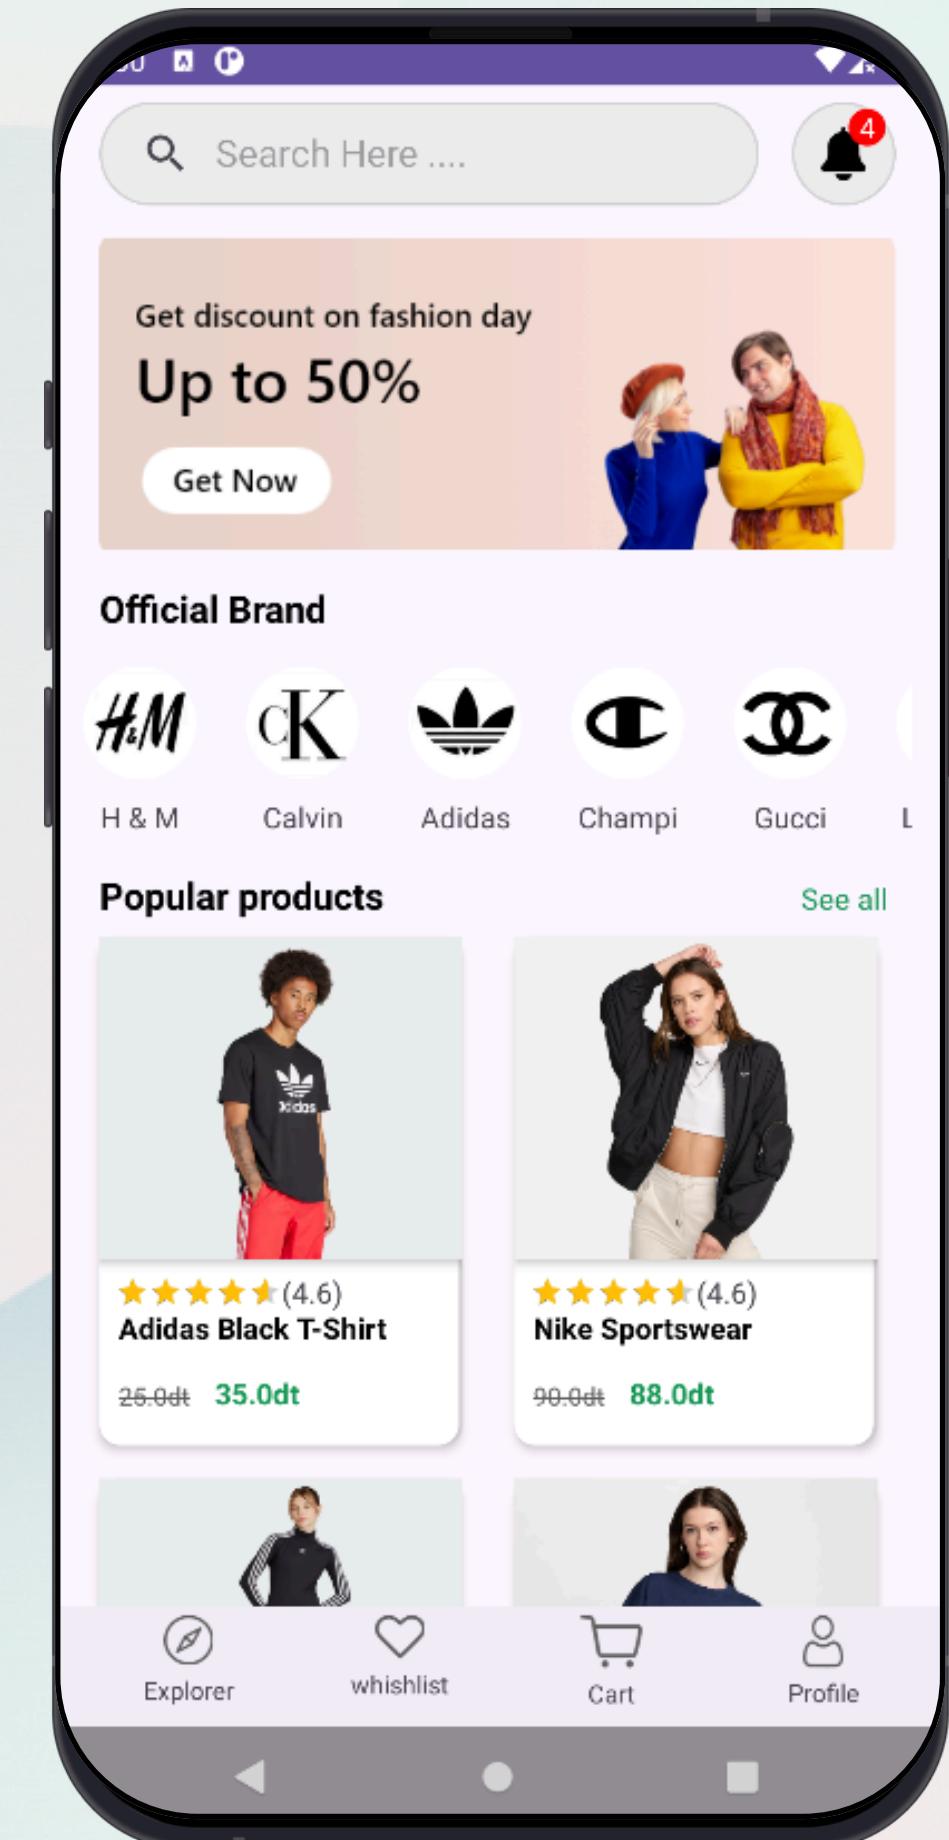

- 12 activités
- 1 fragment
- 5 adapters
- 3 helper
- 7 model

On a utilisé différents
widget de type :

- 11 Boutons
- textView
- imageView
- scrollView
- ViewPager Slider et
Viewpager
- RecyclerView
- ListView

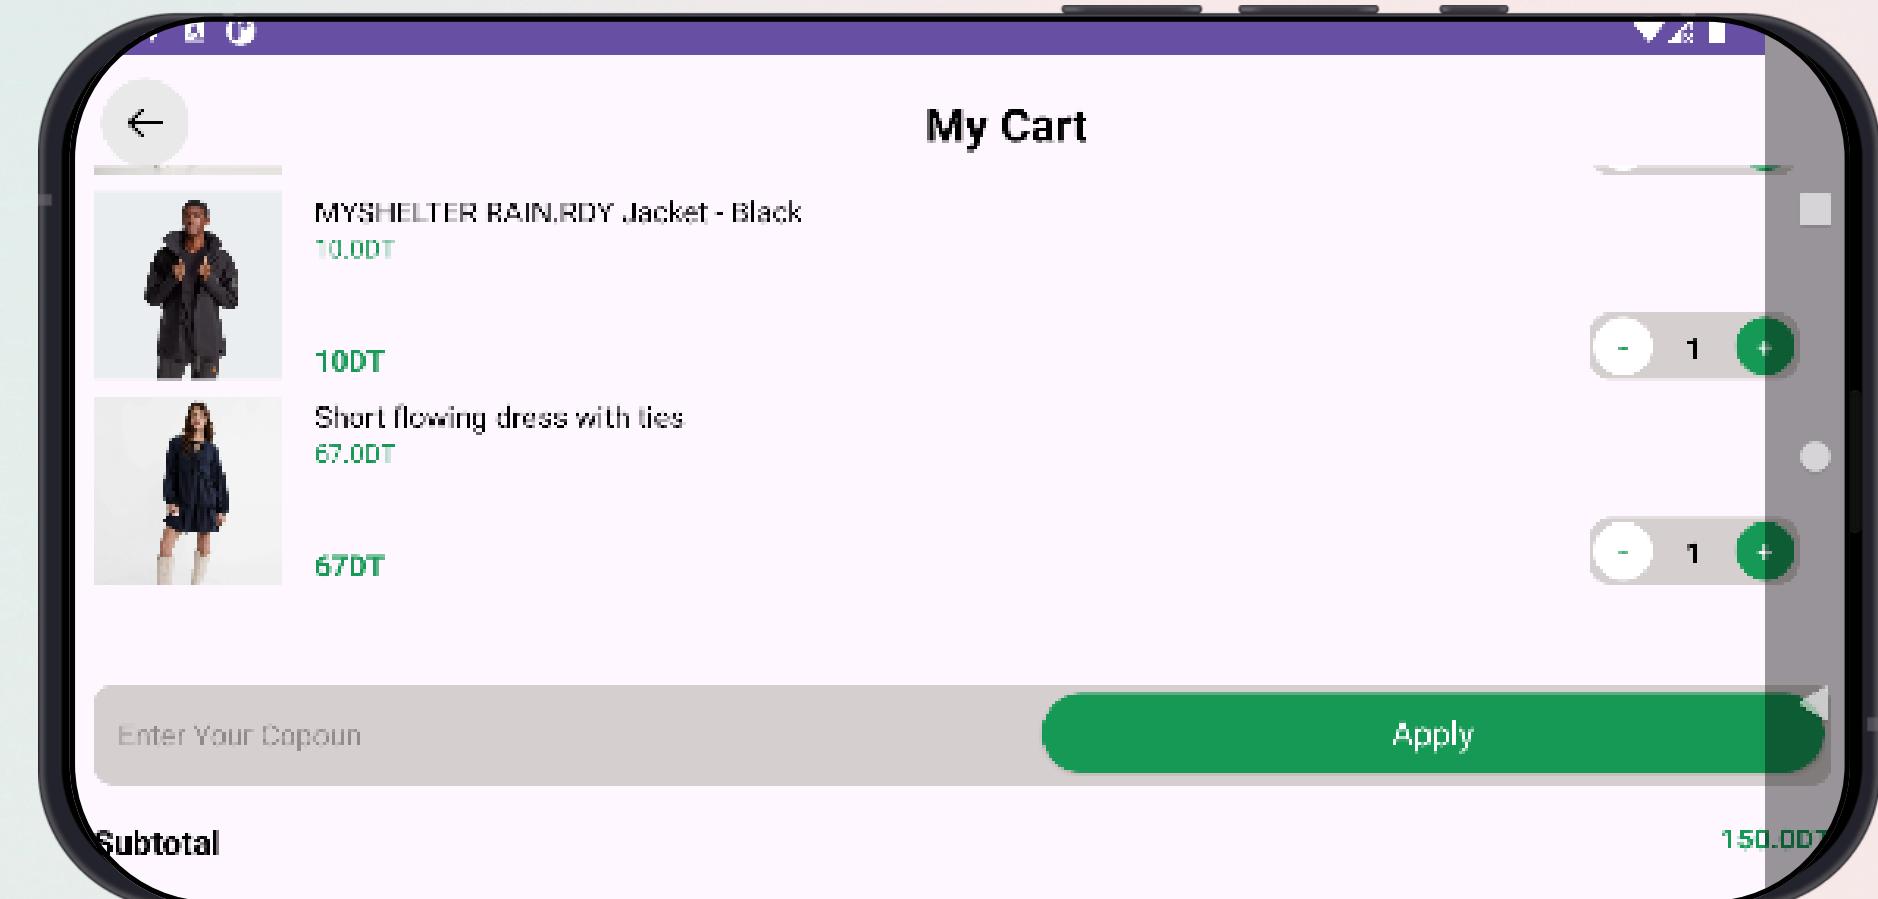

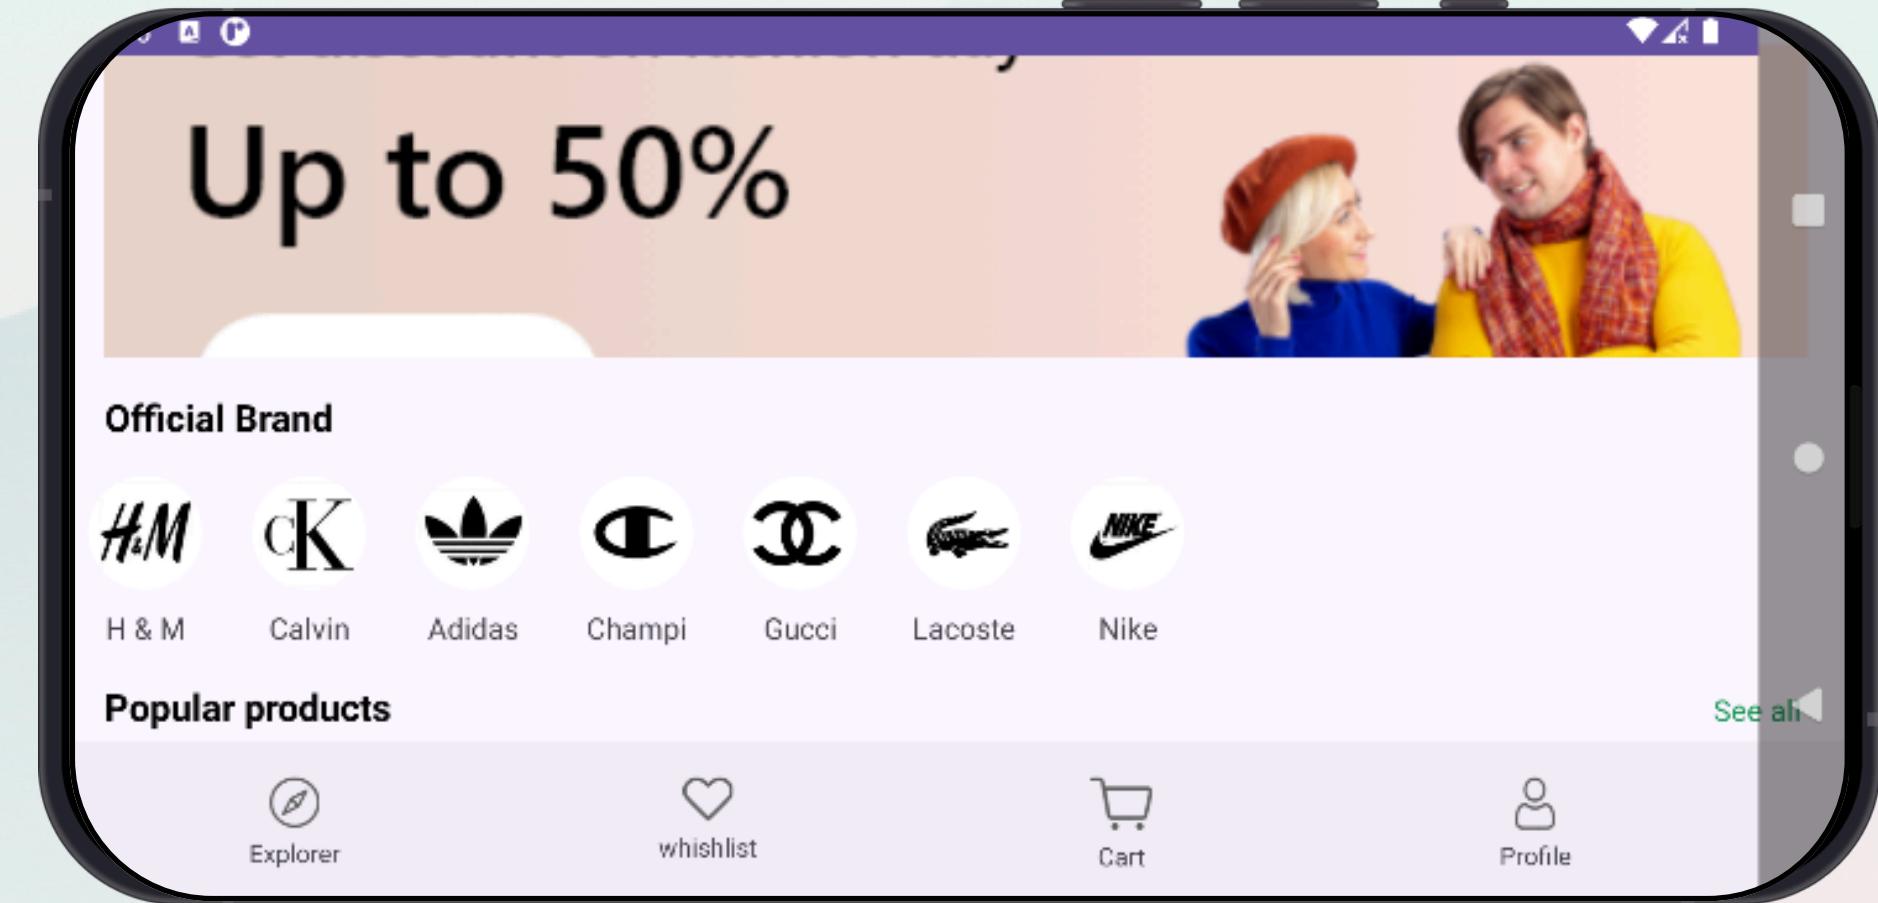

clics & recherche

- Un écouteur de clics sur chaque ligne du RecyclerView, qui navigue vers une nouvelle activité affichant des détails supplémentaires.
- Un composant de recherche dans la barre d'action(en haut) afin que utilisateur puisse rechercher des éléments.

Paysage mode

Notre application s'adapte avec fluidité à toutes les orientations, du portrait au paysage, pour une expérience utilisateur optimale.
